Description

A small Louis-Philippe-era chest of drawers, crafted from walnut in the 19th century, features a beautiful front with simple, harmonious lines. It is topped by a rectangular top with carefully assembled walnut panels, accentuated by a wide, molded beak-of-a-cormorant molding.Restored in our workshop and in perfect condition The front features an upper panel drawer, followed by three large drawers offering ample storage space. The drawers are adorned with attractive keyholes and bronze handles, adding a refined decorative touch. The piece rests on a molded base finished with small, curved feet.The walnut features a beautiful, warm patina that highlights the wood's natural grain.An authentic 19th-century chest of drawers, combining elegance, simplicity, and functionality--ideal for adding charm and
