Brass Marine Stick Barometer With Gimbal Mount, Lisbon

850 EUR

Period : 19th century

Condition : Très bon état

Material : Brass

Width : 6

Height : 96

Description

DescriptionA brass marine stick barometer with a long cylindrical body, glazed upper scale and articulated gimbal wall mount. The dark brown patina of the casing contrasts with the lighter brass mounting rings and cream-coloured scale.The scale features English weather indications, from "Very Dry" and "Set Fair" to "Rain" and "Stormy", alongside a numbered scale running from 27 to 31. Beneath the weather markings is the inscription "J.J.B.L.M / 16 a 22 / R.N. Desterro / Lisbon".The instrument has a suspension ring at the top, a cylindrical lower reservoir housing and a circular wall plate with fixing holes. Its elongated form and exposed mechanical fittings give it a distinctive nautical and scientific character.Condition:Visible surface wear, scratches, tarnishing and localised green
