Electrified Alabaster Vase, Italy, 20th Century

360 EUR

Period : 20th century

Condition : En l'etat

Material : Alabaster

Width : 29

Height : 44

Depth : 20

Description

Electrified alabaster vase. It features an amphora-shaped central body adorned with large carved handles and a fluted upper rim. Alabaster, being a translucent natural stone, allows the light inside to diffuse warmly, highlighting the mineral's natural veining.Product condition:The item is in good condition, with minor signs of wear. The electrical system is in working order. We strive to present the item's actual condition as completely as possible through the photos. If certain details are not clear from the photos, the information provided in the description takes precedence.
