Description

A table featuring 1950s architectural lines, made in Italy, that represents a refined example of 20th-century design. The frame is made of mahogany-veneered wood, carefully restored in our workshops in Cambiago to preserve the authenticity and beauty of the material. The tabletop is topped with a floating glass panel that allows the geometric shapes beneath to be appreciated, lending the piece a sense of visual lightness. The elegant, tapered legs end in brass finials, a detail that adds a touch of elegance. This table is ideal for spaces that aim to combine functionality and style, a hallmark of 1950s Italian design.MOTATA0323633
