Description

Triangular Genoese Corner Game Table (Tric-Trac) - Louis XVIA rare and elegant triangular folding game table, designed to optimize space by serving as a refined corner console when closed, and as a functional card table when open.Crafted from fine solid walnut and finely veneered, the piece fully reflects the geometric precision and understated elegance of the Louis XVI style. It is supported by four distinctive inverted pyramid legs (tapered truncated pyramid legs), typical of neoclassical cabinetmaking, which lend the entire structure both elegance and stability.The piece's distinctive feature is its hinged top panel, which opens "like a book." Once flipped open, it doubles its surface area, revealing the interior lining of green game cloth (felt slightly glued to the edges and finished
