Description

Photographic Laboratory Lamp - Complete.Description:For sale: a complete collector's set. This set was specially designed for safety lighting in vintage photographic laboratories (Belle Époque / late 19th century). It is a rare technical model, intended for developing photographs in a darkroom.The set includes:The original brass base (mineral oil lamp), featuring beneath its plinth a superb, highly detailed lithographed plaque with the brand's iconic dog, the inscriptions "LAMPE NUT," "PARIS 1889 WORLD'S FAIR," as well as its period sales pitches ("Economy - Safety - Durability," "Burns upright or upside down without any danger").The cylindrical, light-proof dark glass sleeve with its brass mount (topped with caps marked "Lampe Junius Bté SGDG," indicating the

interchangeability or use of accessories from contemporary brands in the laboratory).The Junius Bté SGDG metal lantern, a square laboratory model with hinged, adjustable shutters, used to direct the light beam onto the developing trays.Condition:Excellent cosmetic condition for a scientific object of this era. The lithographed label beneath the base is remarkably well-preserved and perfectly legible, which is rare. The light-proof glass is intact, with no cracks or chips. The mechanism of the lantern's shutters functions perfectly. An exceptional piece of technical history, ideal for a collector of photographic antiques (camera obscuras, early processes) and 19th-century scientific curiosities.- This item is available for immediate purchase, payable via PayPal; we also accept bank transfers or French checks.- We do not accept sales over the phone; sales will be conducted exclusively via email or through the Proantic messaging system.- We ensure our items are shipped with care, including insurance and tracking.
