Description

A Unique Work by Artist Fernandez Arman.Accumulation of Paintbrushes.A sensational work displayed in a Plexiglas case featuring a double layering of paintbrushes--a signature motif of the artist--that blends painting and sculpture.The first was created on canvas with gold paint drips, while the second features a bronze-colored overlay with brushes applied to Plexiglas.Fernandez Arman was a French painter and sculptor who passed away in 2005; his works captivated international markets.He was among the leading figures of Nouveau Réalisme, an artistic movement that sought to portray humanity through everyday objects.The work is in excellent condition.It bears the artist's signature, is dated 2004, and comes with a certificate of authenticity and documents from the gallery where it was
