Description

Curved glass ceiling chandelier from the Art Deco period.The minimalist use of materials and decoration enhances its understated elegance.It rests on two elements:The chiseled and hammered copper finials, fluted against a studded background.The glass, featuring a botanical motif on a stylized knot, is framed by a scroll-cut element.The cream-colored lacquered frame complements the two tubular copper arms.The dome of the upper section is also inspired by a "cylindrical" tubular design.Each material showcases the craftsmanship: copper, lacquered sheet metal, and transparent sandblasted glass etched with acid.Rare and easy to place.Screw-in bulb, electrical system serviced.Delivery available (not included in the price).
