Pair Of Gilded Candlesticks, 19th Century

1 200 EUR

Period : 19th century

Condition : En l'etat

Material : Bronze

Width : 38

Height : 53

Depth : 20

Description

This pair of fireplace andirons has a striking decorative effect; they are made of gilded metal (bronze/brass) with rich relief ornamentation.The two pieces feature a symmetrical design, with a contoured base and curved feet.Wide, curled side volutes featuring plant and leaf motifs.Anthropomorphic or lion-like masks on the upper part of the body, set within a classical-style decoration.The upper section is shaped like a candlestick or ornamental finial, contributing to the monumental appearance of the piece as a whole.The craftsmanship is elaborate, with a strong contrast between the gilded relief surfaces and the darker areas, which highlight the depth of the decoration.
