A charming 18th-century travel kit, presented in its green leather case decorated with embossed latticework, featuring a hinged lid and lined with red velvet on the inside.It includes a pair of faceted glass bottles, a small mirror retaining its original silver plating, a three-panel notebook, a pair of chased scissors, three threaders--two of which are silver and bear a small hallmark, and the third is metal--as well as a small silver funnel, an accessory that is often lost or damaged. A pencil completes the set, with its original tip.Condition: Good overall condition. Bottles and mirror are well-preserved. Notebook is slightly warped.
