## Description

Dimensions: approximately 23 cm in diameter.A lovely little deep dish , Chinese export porcelain, featuring a beautiful Imari design in underglaze blue, iron red, and gold accents. The rim is decorated with alternating floral reserves and blue panels; centre features a polychrome design adorned with a wan motif (Buddhist swastika), a traditional symbol of happiness or good fortune.On reverse, blue plant-inspired palmette motifs.First half of 18th century, intended for the European market.Good condition. Beautiful glaze; the piece rings clear, with just a few slight chips along its rim (rim chips), little or no wear on gilding.Instant purchase: pay by credit card, immediate bank transfer, or through our PayPal account.eclectic -- We are not experts, but we have been in this business for over50 years.
