Barometer L XVI

1 250 EUR

Period : 18th century

Condition : Etat d'usage

Material : Gilted wood

Width : 54

Height : 98

Description

A gilded wooden barometer from the L XVI period, retaining its original gilding; the tube at the back is still intact, but the thermometer on the right is missing. It has its original mirror at the bottom, which is heavily worn, giving it a lot of charm.
