Description

Five-Drawer Craft Cabinet - Solid Wood - 19th Century A charming little antique craft cabinet made of solid wood, featuring a front with five stacked drawers, each fitted with two round, patinated metal knobs.Rectangular in shape, this cabinet stands out for its simple, functional design, its rounded upper corners, and its lovely antique patina with warm tones.The drawers offer ample storage space. One of them retains its original compartmentalized interior layout, with small dividers designed for organizing cutlery.This piece may have been used in a craftsman's workshop, a restaurant, or a retail store.Its compact size and authentic character make it a beautiful decorative piece that can also serve as a small storage unit, a collector's piece, or a desk.Features:Period: late 19th
