Arma Christi Haute Epoque ... Os Grave

465 EUR

Period : Before 16th century

Condition : Parfait état

Material : Bone

Height : 8 cm

Description

"This is definitely French work," someone whispered in my earwhen I showed this treasure to my friends and family... It was the image of the rooster (the one that crowed threetimes in the story of Peter) that led to this conclusion..... But whatever the origin of these pieces,testaments to a distant fervor, they possessa beautiful soul, and their modest size does not diminish their aura in theleast.Resting on an old book for ages, itwill accompany your purchase.Small bone plaques engraved with the elements thatmake up an "arma christi" and which must once have adorned a crucifix.
