Description

Crafted from emerald-green crystal and embellished with a bronze frame.The slender stem rests on a circular base. The crystal features a faceted relief design reminiscent of diamond points.The base is highlighted by a striking bronze frame decorated with shell motifs and stylized foliage.The electrical system has been completely overhauled in our workshop. In keeping with the lamp's original design, we opted for a two-conductor fabric-covered electrical cord. The fixture therefore has no ground connection.Excellent condition.
