Louis XVI-style Side Table With A Rack And Pinion Mechanism

450 EUR

Period : 19th century

Condition : Très bon état

Material : Mahogany

Diameter : 33cm

Depth : 77 à 108cm

Description

Louis XVI-style side table with a rack-and-pinion mechanism, made of light mahogany. Resting on a curved tripod base, the fluted shaft incorporates a rack-and-pinion mechanism that allows the table's height to be adjusted. The circular Carrara marble top is surrounded by an openwork bronze rim. In very good overall condition! The mechanism slides smoothly.Height adjustable from 77 cm to 108 cmTop diameter: 33 cm
