19th-century Mexican "yalalag" Pectoral Cross In Silver

250 EUR

Period : 19th century

Condition : Parfait état

Material : Sterling silver

Length : 15 cm

Width : 8,5 cm

Description

A very typical element of Mexican culture, this "cross-on-cross" pendant is very common--you only need to look at Frida Kahlo's paintings to see that. It is made of unhallmarked silver of Mexican fineness, dating from the 19th century. This traditional piece of jewelry takes its name from the Zapotec town of Yalalag, near Oaxaca, where it originated. Shipping available to France and internationally; contact me for details
