18th-century Cabinet

1 700 EUR

Period : 18th century

Condition : Très bon état

Material : Oak

Length : 111

Height : 180

Depth : 48

Description

A delightful display cabinet from the first half of the 18th century, crafted from poplar and oak. The warm patina and light wood tones lend the cabinet a softness and charm that make it ideal for any type of setting. The interior features three large shelves, original backing panels, and exposed metal hardware. It has a typical 18th-century shelf-style base.Dimensions: 111 x 48 - height: 180 cm
