Description

Marjatta Taburet is a Finnish-born painter and ceramicist, born in 1931, who has become a "Breton" icon in the local artistic heritage. Marjatta met Jean-Claude Taburet, himself a ceramicist, with whom she would share her life and some of her creations for sixty years. The couple established their ceramics studio in Quimper after working from 1952 to 1982 at the Henriot factory, where Marjatta played a particularly important role in revitalizing Breton earthenware, drawing inspiration from more minimalist Scandinavian forms.The dish is in perfect condition.We try, through the photos, to show you as many details as possible and to be as realistic as possible so that you will be satisfied with your purchase.
