Description

An elegant and prestigious champagne bucket (or chiller) in silver-plated metal from the famous French silverware house Christofle, dating from the 1960s. This neoclassical "Return from Egypt" style model features a truncated conical body with a smooth, polished surface, topped by a neck delicately accented with a double gadrooned molding. It is distinguished by its two superb embossed side handles, featuring chiseled ram's heads. A high-quality piece, both classic and timeless, ideal for enhancing a festive table or complementing a bar cabinet. The silversmith's hallmark and the "Christofle" signature are engraved beneath the base.Very good overall condition. The silver plating is superb, very shiny, and well-covered (no loss of plating). Note: There are a few very slight micro-scratches,
