# Pair Of Solid Silver Stirrups

2 400 EUR

Period : 19th century

Condition : Très bon état

Material : Sterling silver

Length : 18,5

Width : 7

Diameter : 6

Height : 3

## Description

Pair of solid silver stirrups, 19th-century Latin American craftsmanship. The stirrups feature toothed wheels; the wheel with prongs rotates independently of its protective toothed plates (minor damage to a few of the prongs). These solid silver models attest to the wealth and importance of their patron.  Weight: 627 grams
