Description

I am offering this superb Chinese lidded porcelain jar with hand-painted "doucai" glazes in the green family. The color work is magnificent throughout the entire jar. Each side features a different scene, as does the lid.This lidded jar pays homage to ceramics from the late 17th and early 18th centuries, particularly those produced during the reign of Emperor Kangxi (1661-1722).A six-character mark in blue, applied under the glaze, bearing the mark of Emperor Kangxi.
