Description

This mushroom-shaped lamp by Arteluce emits a uniform and powerful light to illuminate the desk, as well as a bright upward glow--the Arlus edition. The two lighting zones are controlled independently using pull-chain switches. It is made of lacquered metal with orange chrome accents. Please note that the chrome has some pitting; there are signs of normal wear and scuffing on the shade, but the lamp remains presentable. We strive to show you as many details as possible through the photos and to be as realistic as possible so that you'll be satisfied with your purchase. Please examine the photos closely to assess the condition; tap to zoom and click to enlarge. Dimensions: Height: 47 cm Lampshade diameter: 40 cm Base diameter: 17.2 cmM4169
