1 100 EUR

Signature : Mario Botta pour l'éditeur Artemide

Period : 20th century

Condition : Bon état

Width : 34

Height : 34

Depth : 34

Description

A rare "Shogun" wall sconce by architect Mario Botta, produced in 1984. The two lacquered metal grilles pivot 180°, each independently on the central axis. Thus, depending on how one is positioned relative to the other, the light distribution changes accordingly, and the bulb--even a high-wattage one, if necessary--never causes glare.
