Description

Still Life with FlowersAn elegant still life from the second half of the 19th century, depicting a rich and striking bouquet of flowers, consisting of roses, carnations, poppies, and other brightly colored varieties. The flowers, arranged in a harmonious composition within a vase, stand out against the dark background thanks to the contrast between the intense shades of red and blue and the delicate shades of white.The meticulous rendering of the petals and leaves, combined with the rich color palette and attention to detail, lends the composition great vibrancy and depth. The work is signed with the monogram "FVB" in the lower left corner and is set in a fine carved gold frame, richly decorated with floral and plant motifs. The rich color palette and the gilded frame make this work a decorative piece of great
