Description

The Magnitude of Christ.The sculptor displays undeniable artistic mastery!This masterfully executed round-relief sculpture highlights his slender posture.His musculature complements the delicacy of his refined face.The drapery displays technical richness and restraint.The oak and the patina lend the figure its full depth.The sculpture would not be perfect if its hands and feet lacked both delicacy and refinement.Is the scale divine? Her presence confirms it!Will this challenge be up to your standards?Delivery available, not included in the price.
