Three-compartment Bottle Cooler Made Of Silver-colored Metal.

240 EUR

Period : 20th century

Condition : Bon état

Material : Silver metal

Description

Three-compartment bottle cooler made of silver-colored metal. Art Deco period. Interior divider capable of holding 3 bottles, including Bordeaux and Burgundy-style bottles (only on the sides; the center is too narrow for a Burgundy bottle) The cooler features a mirror-polished finish; the top and bottom edges are accented with a row of raised beads, and it is fitted with two removable ring-shaped handles on the sides. Height: 18 cm Length: 32 cm
