Solid Silver Box - Neoclassical Geometric Design And Frieze Of Posts

100 EUR

Period : 19th century

Condition : Très bon état

Material : Sterling silver

Length : 5

Description

A superb antique pocket box or snuff box made of solid silver, characterized by an elegant shape with lobed contours and a finely fluted body. The lid is adorned with remarkable niello work or a dark patina, highlighting a central radiating motif surrounded by a neoclassically inspired Greek-style geometric frieze (meanders or posts). The interior, meticulously finished, bears hallmarks certifying authenticity and silver content. A refined and authentic display piece, ideal for collectors of antique silverware or as a precious gift.Weight: 16g
