Description

A large abstract composition by Medaglini, created through an interplay of geometric shapes and bold colors: deep blue, red, green, yellow, and white. The painting stands out for its pronounced relief, layered elements, and contrasts, which give the work a genuine sense of volume and movement.Medaglini is recognized as a 20th-century French painter and sculptor (1939-2011). His work is part of an abstract exploration in which color, material, and the construction of forms play an essential role. He also has a sculpture at the Nice airport.
