Description

Oil on canvas. 18th-century Northern Italian school.The landscape, set on the banks of a wide river, features several peasant figures in the center busy picking fruit from a tree: a girl holds the ladder while a boy cuts a bunch of grapes; on the left, another pair places the harvested fruit into a tub.Surrounding them is a vast, verdant countryside dotted with farmhouses.Restored and re-stretched, the painting is presented in a period-style frame.ARARPI0202435
