Description

Beautiful sculptural ceramic lamp by Pelletier in Vallauris,This original piece features a slender silhouette, consisting of a light-colored ceramic cylindrical base with striated reliefs, topped by a conical section in shades of brown, ochre, and natural tones.The upper section, richly textured and adorned with several rows of circular openings, allows light to filter through and creates a magnificent interplay of shadows and reflections.The contrast between the light-colored ceramic of the base and the warm hues of the openwork section gives this lamp a strong decorative presence.A piece with character, ideal for lovers of Vallauris ceramics, vintage design, and sculptural lighting fixtures.Specifications:?
