Description

A rare piece depicting a magnificent bronze bust of Beethoven with a dark patina, sculpted by Pierre Le Faguays, produced by Max Le Verrier, and signed by the artist and the manufacturer (Photos 3 and 4).A masterpiece of 1920s French Art Deco.It depicts the composer lost in the charm of his own genius; his gently closed eyes reflect an inward journeycarried away by the invisible melody.It seems as though the music has shaped the bronze, creating a living portrait full of rhythm and soul.(The bronze's patina is darker than it appears in the photos.)Height: 16.5SHIPPING VIA UPS OR CHRONOPOST
