First Empire Iron Sword

650 EUR

Period : 19th century

Condition : Très bon état

Material : Wrought iron

Length : 94cm

Description

First Empire court sword made of iron, a rare model for the period. Oval pommel shaped like a diamond point, as is the hilt. The guard is decorated with oak and laurel leaves (symbols of generals or senior officers) surrounding an imperial crown; it is riveted beneath the guard. The blade is triangular, measuring 78 cm in length, with a guard measuring 16 cm. No scabbard.
