appears almost sculptural, as if marble were transforming into flesh. The male nude is treated with a sacredness and geometric harmony reminiscent of classical sculpture. A dynamic and intimate pose, capable of capturing attention in any setting, from a reception hall to the most exclusive private collection.About the Artist:Ronald Martinez is a renowned French art photographer, born in Annecy on February 28, 1978, famous worldwide for his extraordinary ability to blend contemporary photography with the painterly aesthetics of the Renaissance and Baroque periods. Martinez moved away from street photography to devote himself to an intimate and philosophical exploration of the human body and light. With the series "Nus Divins," the artist studies and recreates the atmospheres of Italian tenebrism and luminism, drawing direct inspiration from masters such as Caravaggio, Titian, and Veronese. His images are shot exclusively in the dark, using a single moving light source. This artisanal and almost mystical approach blurs the boundaries between photography, painted canvas, and sculpture. Today, Ronald Martinez lives and works in Paris and is represented by some of Europe's leading art galleries.Ronald Martinez is an internationally renowned artist whose works are distinguished by a refined and never banal aesthetic, ensuring artistic value that is destined to stand the test of time. The artwork is beautifully enhanced by a dark, exquisitely crafted frame that accentuates the depth of its dark tones and transforms it into a piece of art and décor ready for display.Add this fantastic work of art to your contemporary art collection today!Frame dimensions (cm):Height: 134.5Width: 101Depth: 5Photographic print dimensions (cm):Height: 120Width: 86
