White Gold Snake Ring With Diamonds And Rubies

3 000 EUR

Period : 20th century

Condition : Parfait état

Description

Snake rings have fascinated people since ancient times.But while in the past they were little more than a gold wire wrapped around the finger, in this case it is a lifelike reproduction of a snake, whose diamond-encrusted coils wrap around the finger for at least an entire phalanx.The snake's head features two navette-cut rubies representing its eyes.More than half of the snake's body is covered with brilliant-cut diamonds.The ring was crafted by a Valencian goldsmith in the second half of the 20th century; it measures 3.2 × 2.4 cm and weighs 12.3 grams.
