Description

A painter of flowers, still lifes, alcove scenes, and landscapes, Guirand de Scévola also had a notable career as a portraitist , creating, among others, portraits of the Duke of Massa and the Duchesses of Uzès and Brissac. The artist also painted society scenes. He is known for claiming to have invented, during World War I, various methods for concealing artillery pieces beneath painted canvases, making him one of the pioneers of military camouflage.Signed lower right.Stamps and remnants of labels on the reverse.
