Description

Here is an Art Deco-style period coffee table.It is a French piece dating from around 1930.This model can be described as "modernist" due to its highly architectural design, devoid of any ornamentation.The table features a two-tiered top resting on a base consisting of four "saber" legs that are slightly angled inward to make them appear less imposing.The table is finished with a very attractive flamed walnut veneer.It has been fully restored with professional care and traditionally buffed to a high gloss.Its dimensions, modernist style, and beautiful honey-amber color allow this table to blend harmoniously into a wide variety of interiors.
