Description

Sculptural ceramic vase created by Dominique Pouchain, a French ceramicist and sculptor born in 1956.A piece with a particularly strong graphic and architectural character, representative of this artist's unique world.The vase features a cylindrical silhouette with a broad, bulging central section, combining dark stoneware surfaces with a grainy texture and a magnificent polychrome decoration in shades of ocher yellow, deep blue, and green. The center is adorned with large stylized geometric motifs, outlined in black and enhanced with incised lines and raised details.The contrast between the raw textures of the stoneware and the colored surfaces, as well as the highly expressive graphic composition of this piece. A beautiful collectible piece of French ceramics, intended for connoisseurs of unique
