Description

A Charles X (Restoration) period bedroom furniture set consisting of a chest of drawers, a wardrobe, a mirrored door, a bed, and a nightstand dating from 1820-1830, made of speckled maple veneer (or lemon tree burl). The inlaid decorations are made of amaranth. A brand mark reading "Durand" is found on the chest of drawers and on several pieces, an original ink stamp from Durand, rue Saint-Martin in Paris (Louis Durand was active during the Restoration, rue Saint-Martin). A small crack on the sides of the chest of drawers and very minor chips in the marble on the sides of the chest of drawers are worth noting, but the piece is in excellent condition and has been well preserved. Additional photos are available upon request. Chest of drawers: height = 99 cm; depth = 59.5 cm; width
