Self-defense Cane With A Retractable Blade - 18th-19th Centuries

150 EUR

Period : 19th century

Condition : Bon état

Material : Other

Height : 94

Description

An interesting self-defense cane, also known as an "animated cane," made of wood with a curved handle and geometric decorations engraved along the shaft.The object conceals a long, tapered steel blade inside, which can be drawn through the handle, transforming an ordinary walking stick into a personal defense weapon.The woodwork is particularly fascinating, featuring geometric patterns and ornamental bands, with a metal-reinforced lower end.Details of the piece:- Period: 18th-19th century- Materials: carved wood, steel, and metal- Overall length: 94 cm- Length of handle with blade: 74 cm- Length of sheath without handle: 74 cm- Type: self-defense cane- Condition: signs of age and use, consistent with the period
