7 500 EUR

Period : 18th century

Condition : Très bon état

Diameter : 160

Height : 170

Description

This extraordinary 18th-century Venetian chandelier made of blown glass, originating from a noble Florentine palace, embodies the excellence and prestige of fine antiques. Crafted in the ancient Murano glassworks of the 18th century, in a precious transparent crystal color with refined "balloton" (honeycomb) workmanship, it enchants with its majesty.Of extraordinary value are the double row of candle arms, the crown-shaped cups, the delicate leaf and flower decorations, and the central body embellished with two spheres featuring morette figures and shields. Standing an impressive 170 cm tall, with a diameter of 160 cm and 20 lights arranged on two levels (10+10), it is pre-wired for electrical installation.We ship worldwide via FedEx, UPS, and DHL with professional
