Description

57-cm French folding knife from Châtellerault Dating from the 19th centuryAntique French folding knife from Châtellerault, 57 cm long, made in the 19th century. This magnificent piece stands out for its superb horn handles, hand-decorated with a delicate plant motif and a curious anthropomorphic figure. The decoration is in excellent condition, complete and showing no signs of wear.The bolsters are in very good condition and lend the folding knife a truly unique beauty. At its tip, the handle is topped by a silver-plated metal piece composed of several assembled spheres, adorned with engraved horizontal bands. The steel blade is simple and smooth. The folding knife is fitted with two original rings: one made of white metal at the end and the other made of brass, where the handle
