590 EUR

Period : 19th century

Condition : Restauré par notre atelier

Material : Brass

## Description

This large transatlantic cabin trunk, dating from the period between 1900 and 1930, captivates with its finish, brass trim, and beautiful patina.This antique trunk has a distinctive character, accentuated by its numerous brass fittings.This cabin trunk comes complete with its hangers and locks. These features add to its appeal and serve as a reminder of its original purpose: to accompany travelers on their crossings.Restored in our workshop specializing in vintage furniture and objects, it retains the unique character that makes antique pieces so appealing. The weathered leather and brass accents give it a strong visual identity that enthusiasts of antique furniture and travel accessories will particularly appreciate.Dimensions: (H x W x D) 115 x 80 x
