600 EUR

Period : 18th century

Condition : Bon état

Material : Painted wood

Width : 54,5

Height : 125

Description

Large cross featuring a sculpture of Christ crucified. Crafted from polychrome wood. The body is depicted with great realism, which is emphasized by the colorful polychrome paint. On his head, he wears a densely woven crown of thorns, as well as a perizonium (belt) in shades of dark green and olive bronze, richly pleated, tied at the right hip in a prominent knot with one end hanging freely.Baroque, 18th century. Central Europe?Cross: 125 x 54.5 cm. Figure of Christ: 66 x 44.5 cm.Condition visible in the photos; relatively good, with visible signs of wear and loss of polychromy.Shipping to be arranged.
