18th-century Folding Brass Ruler

500 EUR

Period : 18th century

Condition : Bon état

Material : Brass

Length : cm 25,2

Width : cm 14 larghezza del braccio cm 1,4

Description

A folding brass set square; the ends of the two arms are shaped like shelves, a detail typical of European craftsmanship from the 17th and 18th centuries. It features a right-angle folding joint with a hidden, riveted pin that allows the two arms to be folded. Along the arms, there are notches and engravings on one side, and on the other, a graduated scale with numbers indicating pre-metric units of measurement.
