Verone Marble Capital

3 800 EUR

Period : Before 16th century

Condition : Bon état

Material : Marble

Width : 25

Height : 23

Depth : 27

Description

Marble capital from Verona, Northern Italy, 13th century. Decorated with birds and a snake. Although the context of this capital has been lost, the continuous carving on all four sides suggests that it may have topped a freestanding column, likely in a crypt.
