Description

Diameter: 9.5 cm; height: 34 cm. Weight: 1.2 kgA superb collector's item! The famous mechanical fan with clockwork movement, "LeZéphyr," manufactured in Paris by Compagnie des Ventilateurs Zéphyr from 1900 to 1902, patented by Gabriel Kaiser in 1902).Complete and in working order: spring-driven clockwork movement that winds via its original butterfly key on back. The knob on top allows you to stop or adjust the rotation of 3-bladed propeller made of tortoisesheell-colored celluloid. Solid clockwork movement, silent (recently oiled). Art Nouveau-style stamped front featuring two trumpeting cherubs--absolutely lovely.Heavy, stamped base, beautiful, untouched patina with traces of gilding. A cult classic! Object for Immediate purchase: pay by credit
