"trajan's Column" Candleholders, Gilded Bronze

780 EUR

Period : 19th century

Condition : Très bon état

Diameter : base: 13cm

Height : 27cm

Description

Pair of gilded bronze "Trajan's Column" Empire-style candlesticks. Resting on a circular base finely chased with rows of pearls, palmettes, and water lilies. A recessed, fluted rosette frames the shaft, which begins with a vase supporting a so-called "Trajan" column adorned with branches and roses arranged in spirals. The bowl is decorated with small flowers and palm leaves. Beautiful original gilding!
