Pair Of French Bronze Candlesticks, "mid-century" Style, Circa 1950

550 EUR

Period : 20th century

Condition : Très bon état

Material : Bronze

Description

A pair of elegant and highly decorative French bronze candlesticks dating from the 1950s. They are distinguished by their refined proportions, their sculptural character, and the timeless aesthetic characteristic of mid-20th-century design ("Mid-Century").Attributed to the French school, these candlesticks combine the traditional craftsmanship of bronze work with the sophisticated decorative sensibility of postwar French design.Sculptural Elegance and French DesignThe 1950s marked a pivotal period for the French decorative arts: designers and artisans were exploring new interpretations of traditional materials, combining modern artistic expression with time-tested techniques.Bronze remains a favored material for decorative objects, prized for its durability, visual richness, and sculptural
