Paraiba Tourmaline And Aquamarine Pendant

6 500 EUR

Period : 20th century

Condition : Très bon état

Material : Gold

Description

Pendant featuring a motif adorned with three leaf-shaped navette-cut aquamarines. The motif supports a large pear-shaped Paraiba tourmaline suspended as a pendant.Period: 20th centuryMain material: yellow gold, 750 parts per thousand, 18 karats, eagle-head hallmark.Total weight of the tourmaline: approximately 2.93 carats. Natural Paraiba tourmaline, unheated, untreated, accompanied by its laboratory certificate.Dimensions: Height: approximately 3 cm, width: approximately 9 mm, thickness: approximately 3.5 mm.Net weight: approximately 1.3 g.Our opinion: The contrast between the clear, light blue of the aquamarines and the vivid, neon blue of the tourmaline is stunning and unique; wear it with a delicate yellow gold chain.Learn moreCheck out the product page for
